### Extreme Deep Bass Port

The unique construction “Extreme Deep Bass Port” effectively controls the back-pressure in the housing to make the most of the driver unit’s performance and deliver powerful deep bass sound.

#### Bass Boost Mode

Easy switching for the Bass Boost Mode adds an extra dose of bass.

### Anti-shock rubber protector

Protects the housing from the external shock and drop impact.

JVC's pursuit for the reproduction of original sound quality results in the two types of High-res compatible headphones now.

Natural wood is blessed with superior acoustic characteristics. It features high sound propagation speed and sufficient vibration attenuation, resulting in the high sound definition and clear sound.

The HA-SHR01 has many parts made of wood, extracting the superiority of the material to maximum.

**40mm WOOD dome diaphragm**

Designed to give pure and natural sound output

**Wood plate** to absorb unwanted reflected sound interference

Brass Ring

High Energy Magnet

**Multi Layered Wood Housing** to provide superior support for advanced Driver System

# HA-SHR01

# High-Res compatible headphones with wood driver

# JVC

Wood Diaphragm

## Package Design

### Concept

**Around-ear headphones for High-Res audio with 40mm WOOD DOME UNIT reproducing superior sound, rich/warm presence.**

### Main Features

- 40mm real wood dome diaphragm for pure and natural sound
- Real wood plate for absorbing/diffusing the reflected sound resulting in higher resolution
- Newly developed “high energy magnetic circuit” with high magnetic flux density over 1T (tesla)
- Multi-layered strong “Wood Housings” construction provides stability and sound with natural expansion
- Detachable L/R isolated grounding cord with anti-vibration jack
- Swivel design and carrying pouch for easy portability

Note
